

Manor Park, Lewisham

Lewisham is closing roads to create more traffic congestion and increase journey times. It benefits the few but not the many.

Residents on roads such as Manor Park within the Lee Green LTN gain while congestion on main roads such as Lee High Road, Burnt Ash Hill and the South Circular have increased (see photos above).

The Borough of Lewisham has been closing many roads in your local area using the spurious excuse of the Covid epidemic. But it has massively increased journey times and disadvantaged the elderly and disabled who cannot walk or cycle far. Emergency services are also being delayed.

Lee High Road and Burnt Ash Road Junction

There has been minimal public consultation on these proposals and Councillors are ignoring anyone who opposes these closures.

It just makes no sense! Make sure you object—see overleaf for how. Don't let the minority who benefit dictate to the majority.

Lewisham Residents Against Road Closures

For the Few,
Not the
Many

-

Make Sure
You Object

**ROAD
CLOSED**

Lewisham's Road Closures—Make Sure You Oppose Them

Ignoring the views of local residents and with no proper public consultation.

Roads such as Upwood Road, Cambridge Drive, Manor Park, Manor Lane, George Lane and many more have been closed or will be. That has already effectively blocked many routes and diverted vehicles onto the heavily congested A20, A2212, A205 and other roads.

Queues of traffic on the main roads have lengthened and journey times have increased for everyone including buses. More traffic congestion and more air pollution is the result. If you respond to this leaflet we will send you more information about the road closures and how to object before they are made permanent.

If you are affected by these proposals you should certainly voice your objections. **STOP THE ROAD CLOSURES NOW BEFORE IT'S TOO LATE**

We urge you to object to these proposals.

Please return the form below to receive more information (including how to object).

Lewisham Council have been closing roads using the Covid-19 epidemic as a spurious excuse. These closures will be made permanent unless you object.

This leaflet is published by the Freedom for Drivers Foundation on behalf of Lewisham Residents Against Road Closures.
